- 1) Several special games of Victory! have been played. Games # 17, 24, 36 and 71 were advanced start games that began with Tech Period 25 instead of Tech Period 1. Game # 44 was an advanced start game with higher than normal starting stockpiles, unlimited game duration and it also featured the participation of members of the RTG, Inc. staff. Game # 96 was a no-Total Alliance game that was played without nations being able to formally work together as TAs.

"I want you in the next game of Victory!"
